EXECUTIVE PROFILE

Global business leader and founder with more than 25 years of experience across research, technology strategy, biotechnology, commercial operations, and international partnerships. Thunderbird School of Global Management graduate (Magna Cum Laude, 2026); currently pursuing a Master of Leadership and Management with an artificial intelligence focus. Leads independent Grand Research Institute initiatives spanning AI governance, algorithmic management, applied prototypes, evidence provenance, and human oversight. Combines executive leadership with public, inspectable research and deployed demonstration systems.

CORE CAPABILITIES

AI Governance & Risk Management • Machine Learning (ML) Research • Reinforcement Learning (RL) Concepts • Agentic AI & Human Oversight • Algorithmic Management • Evidence Provenance & Auditability • Institutional Policy & Regulatory Strategy • Technical Program Leadership • Research Design & Validation

TECHNICAL SKILLS & APPLIED TOOLS

Python (research scripts, validation and data workflows) • Java (coursework/project exposure; proficiency to confirm) • JavaScript • TypeScript • HTML/CSS • Next.js • Git/GitHub • Vercel • Render • PostgreSQL • AI-assisted software development • Machine Learning (ML) • Reinforcement Learning (RL: conceptual/research exposure) • LLMs and AI agents • Policy engines • Test automation • Source verification • Human-in-the-loop review

SELECTED AI SYSTEMS & RESEARCH — PUBLIC EVIDENCE

Grand Research Institute Global Governance Intelligence Dashboard | Public research platform

- Developed and maintains a public-facing governance intelligence research platform connecting source monitoring, evidence-quality review, institutional analysis, and AI assurance concepts. Dashboard: gri-global-intelligence.onrender.com/dashboard.

ConsciousAI | Open research and engineering repository

- Documents AI governance research, executable policy concepts, synthetic validation tests, algorithmic management cases, and evidence/claim registers. GitHub: github.com/BazeletDave/ConsciousAI.

Treasury-origin AI Label Verification | Independent technical demonstration

- Developed a browser-based proof of concept for comparing alcohol-label information with application fields, returning Match, Review Required, or Mismatch and escalating ambiguous cases for human judgment. Not a Treasury production system or government-endorsed deployment. GitHub: github.com/BazeletDave/Treasury-TTB-Label-Verification.

Institutional AI Governance & Assurance | Comparative research program

- Connects federal-style classification exercises, AI decision boundaries, audit trails, worker-platform algorithms, and institutional accountability through research protocols and source-based documentation. GitHub: github.com/BazeletDave/GRI-Institutional-AI-Governance.

PROFESSIONAL EXPERIENCE

GRAND RESEARCH INSTITUTE | Founder & Executive Director | Florida | Apr 2021–Present

- Direct independent research and prototype development across AI governance, autonomous systems, mobility, institutional accountability, and the Fourth Industrial Revolution.
- Coordinate technical documentation, governance frameworks, public-source evidence registers, and reproducible research artifacts; distinguish experimental prototypes from validated production systems.
- Investigate algorithmic management in rideshare platforms and the interaction of compensation, incentives, worker autonomy, and reviewable decisions.

BAZELET-GLOBAL GROUP OF COMPANIES | Co-Founder & Chief Research/Strategy Officer | Oct 2014–Mar 2021

- Led strategy, international business development, and research initiatives involving plant genetics, biotechnology, regulatory considerations, and cross-border partnerships.
- Contributed to company development and a subsequent transaction involving a publicly traded entity; specific transaction details available for verification.

THE DECK BAR & GRILL | Founder & Manager | Mar 2013–Oct 2014

- Managed hospitality operations, a six-person team, and commercial performance; reported peak annual revenue above $500,000.

WIREGRASS GOLF FORE LIFE MANAGEMENT | President | Feb 2010–Mar 2013

- Directed golf operations and member programs; reported 40% revenue growth and 35% membership growth.

EARLIER MANAGEMENT & COMMERCIAL ROLES | 1997–2010

General Manager / Head Golf Professional, Donalsonville Country Club (2008–2010); Golf Professional, Orangebrook Golf Course (2006–2008); President, Grand Advertising and Promotions (1997–2006).

EDUCATION & LEADERSHIP

Thunderbird School of Global Management, Arizona State University — Business Global Management (BGM), graduated May 2026, magna cum laude; final GPA 3.71. Official transcripts available upon request. Uber Scholarship recipient.

Thunderbird School of Global Management, Arizona State University — Master of Leadership and Management (MLM), Artificial Intelligence concentration; expected graduation: Class of 2027; current GPA 4.0 (in progress).

Arizona State University — Certificate in Sustainability, 2023. Valdosta State University — studies 1992–1996; golf team.

Thunderbird AI & Emerging Technologies Committee — Chair.
